BRAND PARTNERSHIP OPPORTUNITIES

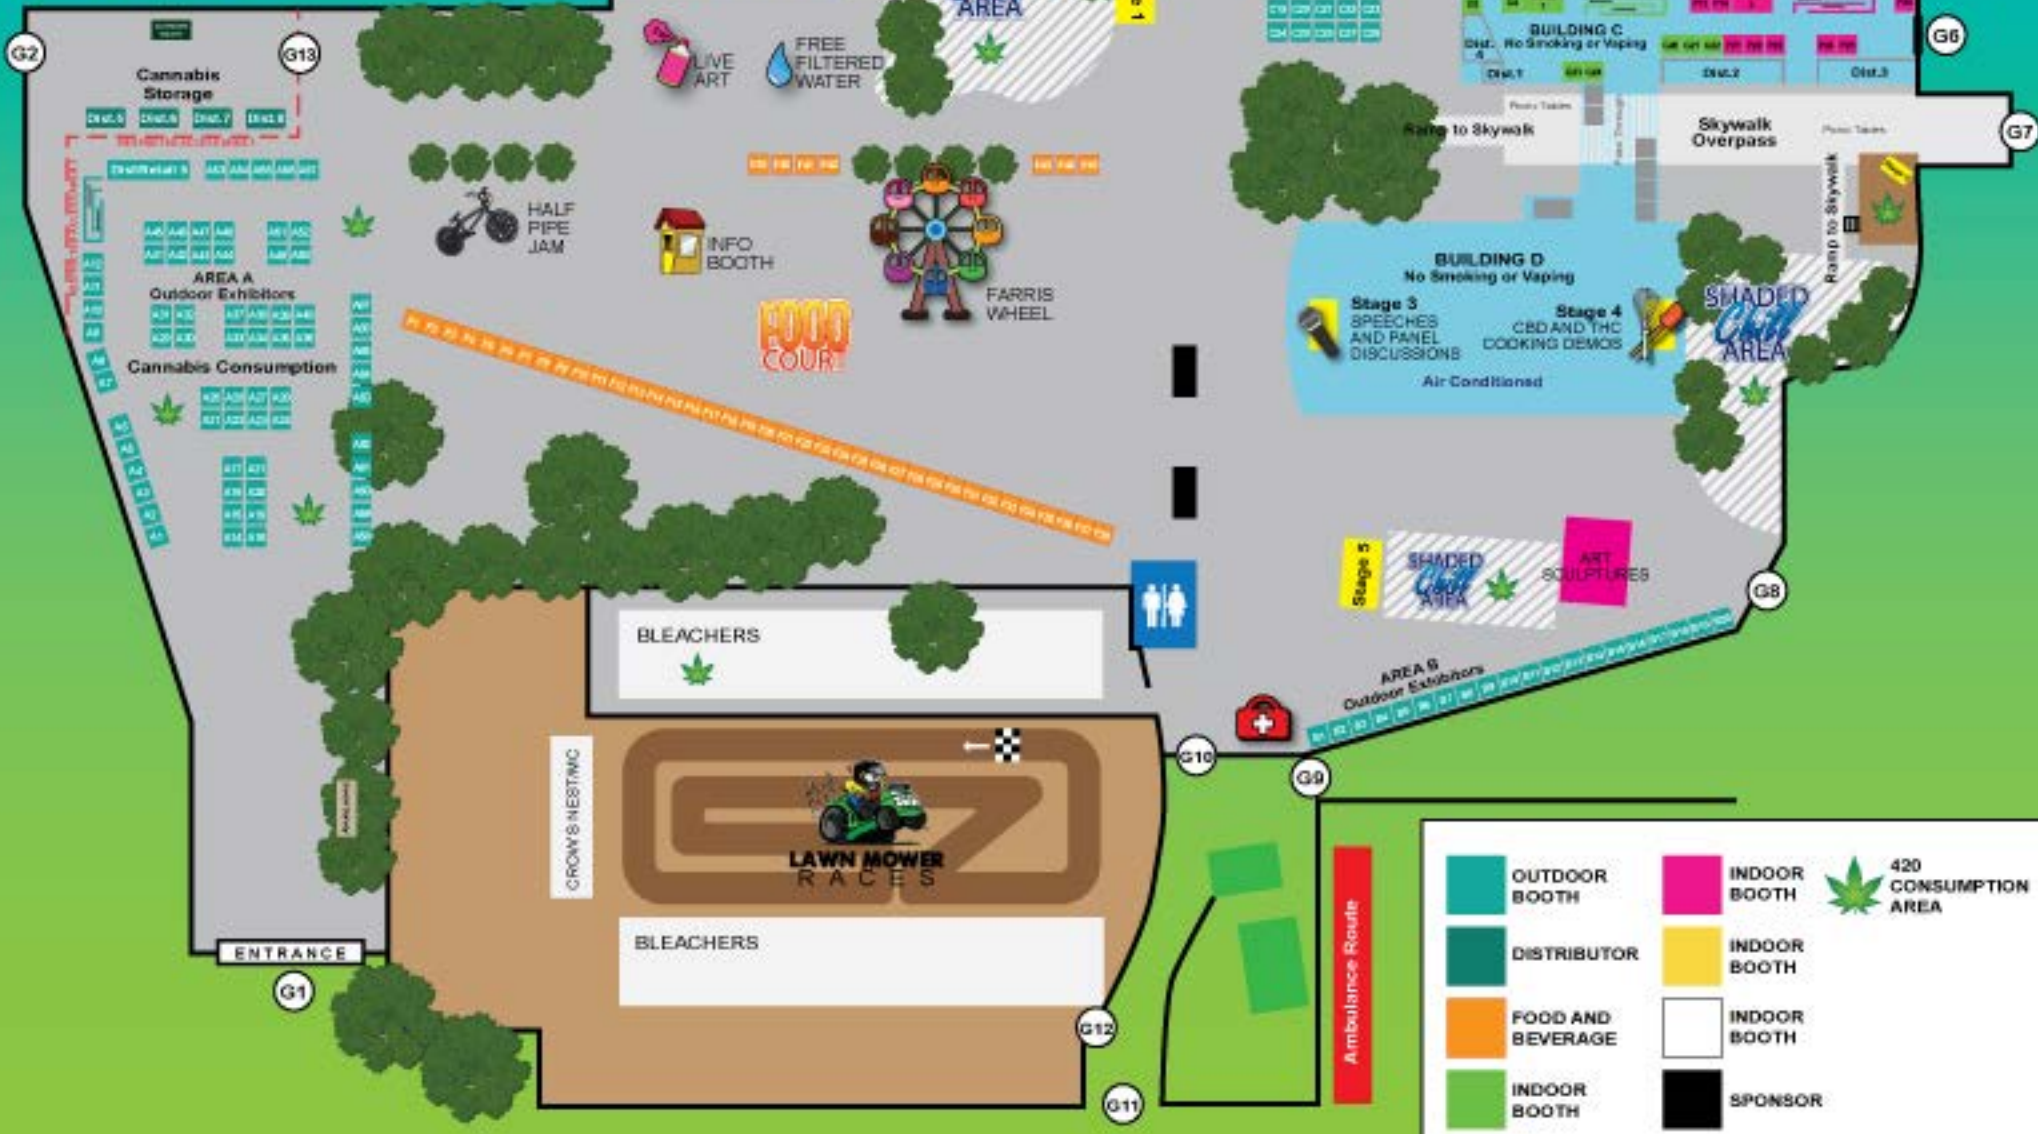

A JOINT EFFORT

Tree Harvest Festival is seeking to creatively partner with companies that share our values.

Coveted by the most successful companies, event partnerships are an effective way to reach patrons, whether by introducing new products through sampling or simply informing or educating festival-goers about your company through face to face interaction. Becoming a partner can have a tremendously positive impact on any company whose products or ideas are in line with the lifestyle of our devoted festival fans.

There will be a celebration of the harvest of the cannabis flower on August 24th and 25th, 2019 at Cal Expo in Sacramento, CA. It's kinda like going to the county fair except the theme is weed. You can buy some pot or weed edibles, you can smoke grass and you can learn more about the current issues surrounding the marijuana debate, at this festival. There will be cannabis vendors, a cannabis competition called Tree Harvest Championship, the chance to meet the cultivators, special guest speakers, THC and CBD cooking demonstrations, two music stages with 30 bands and DJ's, a comedy stage with 31 comedians, shaded chill seating areas, funnel cake eating contest, live and interactive local art and cannabis themed art installations, games, a Ferris wheel, weed mower races, 4:20 smoke out, joint rolling contest, free filtered cold water station, Miss and Mr. California Green contest, a petting zoo and whatever else comes together between now and August. This event is being produced by a local event promoter with over 15 years experience in street fairs and festivals who wants to create a fun and safe atmosphere to enjoy and celebrate cannabis.
